## Honeywell

# Model DV-05 DIN Rail Mount In-Line Amplifier

#### DESCRIPTION

These in-line amplifiers feature DIN-rail mount enclosures with front accessible electrical connections and adjustments. Amplifiers are available for strain-gage transducers.

#### FEATURES

- DIN rail mount
- Unamplified transducer input
- Bridge-based transducer input
- 0 to ±5 V three-wire output with 11 Vdc to 28 Vdc power
- 3 Vdc or 5 Vdc excitation
- RFI, ESD protected
- CE approved

### Model DV-05 DIN

#### PERFORMANCE SPECIFICATIONS

| Characteristic     | Measure     |
|--------------------|-------------|
| Number of channels | 1           |
| Case material      | Plastic     |
| Mounting           | 35 mm DIN   |
| Certification      | CE approved |

#### **ENVIRONMENTAL SPECIFICATIONS**

| Characteristic         | Measure                            |
|------------------------|------------------------------------|
| Temperature, operating | -29 °C to 82 °C [-20 °F to 180 °F] |
| Temperature, storage   | -40 °C to 93 °C [-40 °F to 200 °F] |

#### TRANSDUCER INTERFACE

| Characteristic        | Measure   |
|-----------------------|---|
| Transducer type       | Bridge-based sensor                               |
| Transducer excitation | 3 Vdc or 5 Vdc @ 30 mA (short circuit protection) |

#### **AMPLIFIER CHARACTERISTICS**

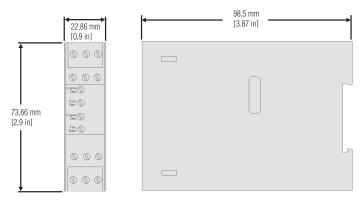

| Characteristic                  | Measure                                 |
|---------------------------------|---|
| Supply voltage                  | 11 Vdc to 28 Vdc                        |
| Current draw                    | 60 mA                                   |
| Zero adjustment range, coarse   | ±60 %                                   |
| Zero adjustment range, fine     | ±10 %                                   |
| Span adjustment range           | Switch selectable 0.5 mV/V to 13.3 mV/V |
| Span adjustment range, fine     | ±20 %                                   |
| Linearity                       | ±0.01 %                                 |
| Output                          | ±5 Vdc                                  |
| Output current                  | 2 mA                                    |
| Frequency response (-3 db)      | dc 7000 Hz with 350 ohm bridge          |
|                                 | dc 2500 Hz with 5000 ohm bridge         |
| Rise time (0 % to 90 %)         | 56 s with 350 ohm bridge                |
|                                 | 145 s with 5000 ohm bridge              |
| Signal-to-noise ratio           | 66 db                                   |
| dc power supply rejection ratio | Greater than 110 db                     |

Not RoHS compliant

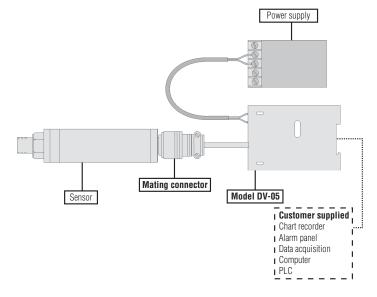

#### **OPTION CODES**

| 2-pole filter option | our quic<br>grams. P | Many range/option combinations are available in<br>our quick-ship and fast-track manufacture pro-<br>grams. Please see http://sensing.honeywell.com/<br>TMsensor-ship for updated listings. |  |
|----------------------|----------------------|---|--|
| 58e, 2-pole filter   | 1 Hz                 | 100 Hz  |  |
| setting              | 3 Hz                 | 300 Hz  |  |
|                      | 5 Hz                 | 500 Hz  |  |
|                      | 10 Hz                | 1000 Hz   |  |
|                      | 20 Hz                | 2500 Hz (350 ohm bridge)  |  |
|                      | 30 Hz                | 7000 Hz (5000 ohm bridge)   |  |
|                      | 50 Hz                |   |  |

Warranty. Honeywell warrants goods of its manufacture as being free of defective materials and faulty workmanship. Honeywell's standard product warranty applies unless agreed to otherwise by Honeywell in writing; please refer to your order acknowledgement or consult your local sales office for specific warranty details. If warranted goods are returned to Honeywell during the period of coverage, Honeywell will repair or replace, at its option, without charge those items it finds defective. The foregoing is buyer's sole remedy and is in lieu of all warranties, expressed or implied, including those of merchantability and fitness for a particular purpose. In no event shall Honeywell be liable for consequential, special, or indirect damages.

While we provide application assistance personally, through our literature and the Honeywell web site, it is up to the customer to determine the suitability of the product in the application.

Specifications may change without notice. The information we supply is believed to be accurate and reliable as of this printing. However, we assume no responsibility for its use.

#### WARNING PERSONAL INJURY

• DO NOT USE these products as safety or emergency stop devices or in any other application where failure of the product could result in personal injury.

Failure to comply with these instructions could result in death or serious injury.

### WARNING MISUSE OF DOCUMENTATION

- The information presented in this catalogue is for reference only. DO NOT USE this document as product installation information.
- Complete installation, operation and maintenance information is provided in the instructions supplied with each product.

Failure to comply with these instructions could result in death or serious injury.
